A Parking lot by Midnight Pass

North Cabanas

South Cabanas

Beach Walkway – about three feet higher than normal-very little vegetation on the left

This is one of the larger ones. Video link will show one about eight inches. How did they survive all that water???

A dog walk area

Maintenance area fence damage

Behind A Pool

Oaks behind C

Kayak Wall is missing

Clear view into Gannon lanai

B Pool – A pool looks the same except with lower water level

Different view of C trees

Damaged kayak racks

Root base of the oak tree by the car wash

Palm over B south entrance

Bay Tree sign was found back by the dog walk area between B and C. Unknown if it can be saved

Debris on Midnight Pass. Prior to the hurricane it was piled high on both sides as far north as you could see

Where some of the debris ended up. Bike rack by car wash
